## Wind power

Wind power originates in certified wind electricity.

The price of distribution is either General or Time-of-day distribution depending on the metering method.

## General electricity

The size of the main fuse on the distribution of general electricity may not exceed 3 x 63 A, if the electricity consumption is over 5 000 kWh/a.

## Time-of-day electricity A

The size of the main fuse on the distribution of time electricity A may not exceed 3 x 80 amperes.

The price of day electricity shall be in force on weekdays, from Monday to Friday, 7 a.m. - 8 p.m. The price of night-time electricity shall be in force at other times, as well as on the eve of May 1, Midsummer's Eve, Christmas Eve and New Year's Eve. Helen Ltd can control electric storage heating loads in time-of-day electricity on weekdays during the period of night-time electricity so that the storage time is at least 8 hours a day.

## K-Plussa points

As a customer of Helen Ltd you can collect K-Plussa points by informing us your K-Plussa card number.

You earn K-Plussa points per the sale of electricity (incl. VAT). The distribution of electricity is not eligible for any K-Plussa points.

The prices include value added tax at 24 %.

The electricity tax (tax class I) incl. VAT is 2,79372 c/kWh as of 01.01.2015.

\* Total price shall be in force in Helsinki and it is given with two decimal places of accuracy.
